

# K9 BODY LANGUAGE SEMINAR

21<sup>st</sup> April @ Centrepaws, Wymondham

PRESENTED BY

**Craig Ogilvie**

Craig delivers his Canine Body Language talk it lasts around 90 minutes, the talk is very focused on Q&A to ensure the audience gets the absolute most out of the talk.

Talking through how to spot the subtle changes in our dogs body language that can give us a reflection of their internal state and help us to understand what our dogs are telling us. Learn how to how to spot, decode and understand the subtleties of canine body language. During this seminar, you will learn how to evaluate different canine body language signals and their meanings by looking at the different parts of the canine body and the context of canine behaviour. This will help you to recognise signs of conflict, avoidance, stress, fear, arousal and much more.
